

Consett Junior School

Vision, Values and Moral Purpose

Our Vision

- Consett Junior School is a friendly and caring place. We aim to support our children and their families to achieve their full potential; allowing our children to grow and develop their talents in a supportive environment within the school and community in which we live.
- Our Staff are passionate about their work, placing children at the centre of all we do. We aim to deliver a range of exciting opportunities both in and out of the curriculum. Children can play in the school band, perform in a whole school show or represent the school on the sports field. The opportunities are open to all.
- We believe in giving each and every child the best possible start in life.

Our Values

At Consett Junior School our Values are:

Fun: Recognise that our learning experiences should be fun, engaging and educational. That by adding additional challenge, children can grow and achieve.

Adventure: Allow opportunities to try new things, to innovate and develop new ways forward. Life begins at the end of our comfort zone.

Integrity: Having high expectations in all that we do, rewarding those who work hard - but allow for us all to make mistakes and move on from this.

Humility: Laying the foundations together that will guide us throughout life, recognising and supporting those in need and support those who need it.

Family: We work in partnership: children, staff and families, together to allow our children to grow and achieve. By developing positive relationships with all, we can achieve almost anything.

Our Moral Purpose:

In an attempt to be our very best, we use these opportunities to learn and help others learn. We don't have all the answers, but we do have a few steps in the right direction and know that being a great school is only possible in cooperation with others.

Together, we strive to:

- Provide a happy, safe and caring environment for the children to learn and achieve their full potential.
- Enrich the children's love of learning through a variety of opportunities within the school and the wider community.
- Provide appropriate challenge and support ensuring we always have high expectations for all.
- Ensure all of our families are supported, so that the children we care for have the best start in life
